

# PSA Service Awards

PSA recognizes individuals and clubs for their **exceptional service to PSA** with PSA Service Awards. Many outstanding individuals and clubs volunteer their time and efforts to make the activities of the Society successful and/or to provide valuable photographic help and assistance to community endeavors. PSA members are encouraged to propose or endorse deserving individuals and clubs.

## PSA Service Awards for Individuals

PSA Service Awards are presented to PSA members in recognition of outstanding service to the Society. These awards are not based on photographic performance, but are **given for exceptional service to the Society** via local, regional, national, or international efforts that advance the Society's mission or contribute to the accomplishments of the Society. A Service Award may be presented to a member who has initiated a new service, completed a special project, or for long-time service in many capacities.

The award given to PSA members for exceptional service is a **Service Award Plaque**.

## PSA Service Awards for Clubs

Club Service Awards are presented in recognition of **photography service efforts made by PSA-member clubs in communities worldwide**. The award recognizes clubs' participation in photographic projects of a civic nature such as town or area publicity, welfare and charity fund-raising, historical documentation, animal adoption, nature conservancy, community promotion, free holiday or event portraits, and education in the art and craft of photography.

## Submitting a Proposal

Any PSA member may propose a PSA member or a PSA-member club for a PSA Service Award. The proposal also needs to be endorsed by a PSA member selected by the proposer. Club members, who are PSA members, may propose or endorse their own club. PSA Board Members may propose or endorse members or member clubs (but not their own club) for Service Awards. Active Board Members are not eligible to receive a Service Award. The PSA Service Award **Proposal as an interactive PDF** file is available to be completed and submitted to the Director via email. The PSA Service Award **Proposal as a Word document** may also be downloaded from the website, completed, scanned, and emailed to the Director, or, if necessary, printed, completed, and mailed to PSA Headquarters.

With respect to **individual proposals**: It is the responsibility of the Proposer to furnish the Director with sufficient information regarding the candidate's contribution to PSA. State the case as clearly and concisely as possible. The Proposer's statement should be **limited to one page**. The Endorser's statement should be **limited to one page**.

With respect to **club proposals**: the Proposer should be sure to include: **1)** the length of time (number of years) the club has participated in the activity, **2)** the number of members in the club, and **3)** the number of club members that are involved in the activity. Service that does not involve photography may be included in the proposal, but the importance of this service would be less than photographic services provided. For a Club Service Award the Proposer **may also include supporting documents** not to exceed three pages. Supporting documents might be, for example, newspaper publicity, documentation showing the involvement of the club, an event program, a *PSA Journal* article, or record photographs of club service events.

### **Service Award Director & Process**

The Service Award Director is appointed by the President for a five year term. The Director reports to the Executive Vice President .

Unfavorable action by the Director on any application for the Service Award will in no way bar the submission of a further application for that candidate provided that the new application contains new or further evidence not initially presented.

The conferring of a Service Award upon any candidate will in no way prevent that candidate from receiving a similar award or another service award for additional service rendered after the date of the initial award. However, once having received a Service Award, a person is not eligible for another Service Award until five years has elapsed.

Proposers and endorsers should **communicate and prepare statements with confidentiality**. A Service Award is intended to be a surprise to the honoree until the honoree is notified by the Service Award Director that they will be a recipient of a Service Award. Confidentiality protects the candidate from awareness of a negative determination.

PSA Service Award proposals may be submitted anytime during the year, and awarded locally as appropriate, if favorably processed by the Director. However, if the person receiving the award will be attending the PSA Annual Conference, it is preferred that his or her Service Award be presented during the **Opening Meeting of the PSA Annual Conference**. In order to be presented at the PSA Annual Conference, completed proposals need to be submitted to the Service Awards Director **no later than June 1** of the year they are to be presented at the conference. Club service awards are expected to be made at the PSA Annual Conference with a representative of the club present to receive it.

### **Where to send the proposal**

All proposals should be sent via email, the preferred method of submission, to the Service Awards Director: [service-awards-director@psa-photo.org](mailto:service-awards-director@psa-photo.org) If it is necessary to send the printed form via the US Post Office, the form should be mailed to PSA Headquarters.

# PSA Service Award Proposal Form

*This application form is available on the PSA website as **an interactive PDF file**, to be completed and submitted to the Service Awards Director by email: [service-awards-director@psa-photo.org](mailto:service-awards-director@psa-photo.org). This is the preferred submission method.*

The following individual or club is being proposed for consideration for a PSA Service Award.
